# VMAPS 2024 Tax Summary Guide

This guide provides a general reference for the Tax Summary report to the ATO tax return labels for individuals, trusts, self-managed super funds and companies.

Please note this guide provides general information only and is not intended to represent taxation, investment or professional advice.

Clients who want CGT losses from prior years included on the Tax Summary report will need to manually record those losses in the portfolio. If you have been a non-resident for tax purposes or you hold additional assets which are not part of this reported portfolio, we strongly recommend you seek further tax advice.

NCMI amounts reported are based on information made available and provided by managed investment trusts.

In addition, if you have any further questions in relation to your client's tax return, the general information presented in this guide or the reference to the ATO labels, you should seek professional tax advice.

## There are three main sections in the Tax Summary report:

- » Assessable income, which is split into Australian and Foreign income,
- » Deductions, and
- » Tax offsets, credits and NCMI.
